The diagram illustrates the layout of a vehicle chassis, showing the arrangement of various components and their connections. The components are labeled as follows:

- C**: Control unit, located at the front left.
- U**: Unit, located at the front left, adjacent to C.
- M+B**: Motor and Battery, located at the front right.
- L1**: Light 1, located at the front right, adjacent to M+B.
- G**: Ground, located at the front right, below M+B.
- L2**: Light 2, located at the front right, below L1.
- T**: Transceiver, located at the rear right.
- X**: Antenna, located at the rear right, above T.

The connections are represented by dashed lines:

- A horizontal dashed line connects C and U.
- A vertical dashed line connects C and U.
- A dashed line connects M+B and L1.
- A dashed line connects L1 and L2.
- A dashed line connects L2 and T.
- A dashed line connects T and X.
